Mr. Brandon Winget :
Millard County Road Department :
P.O. Box 187 : 43 CFR 3600 -Mineral Materials
Delta, Utah 84650 :

DECISION

Mineral Materials Free Use Permit Closed

The Free Use Permit (FUP) for extraction of mineral materials, sand and gravel, at the location west of Notch Peak was authorized by the Fillmore Field Office, Bureau of Land Management (BLM), on October 30, 2001. The FUP pit is located in Tule Valley, west of Notch Peak, in Section 13 of Township 19 South, Range 15 West. The FUP authorization for this location expired on October 01, 2011. The Bureau of Land Management (BLM) case file number for your FUP is UTU-58631_01. Please refer to this number in future correspondence.

As requested, several crushed metal culverts remain have been removed from near the entrance to the site. The surface disturbance area has very sparse, mature vegetation. The rims of the pit location have adequate slopes, and the site has satisfactory earthwork. The BLM therefore considers the site to be adequately reclaimed since the items of debris have been removed.

This case file and site have now been closed by the BLM. If you have any questions, please contact Duane Bays, BLM Fillmore Field Office, Natural Resource Specialist at 435-743-3115.

Sincerely,

Michael D. Gates
Field Manager
